

Pronto in

The PLUS SERIES is the entry level gazebo of the aluminium series. It is light and easy to assemble, disassemble and transport. The PLUS SERIES gazebo adapts easily and works well for public and/or private events, both indoors and outdoors. It is available in various sizes, to adapt to all requirements.

PLUS SERIES gazebos feature an anodised aluminium structure, resistant to corrosion and wear, bearing legs with a 32mm square section, with 1.2mm thickness, ABS joints and a safety bayonet locking system. The PLUS SERIES is supplied with a carrying bag and kit complete with pegs and tie rods
