

Gazebo Flash®

TOTEM

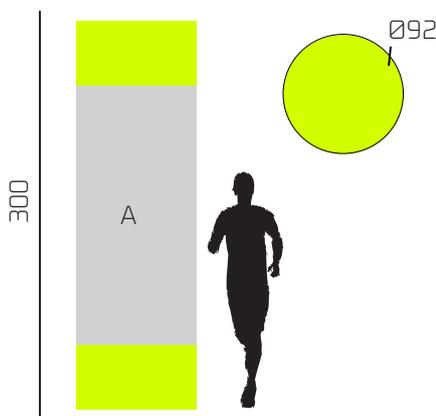

3 MT

Our inflatable totems, thanks to their cylindrical shape and the various available sizes, are a highly versatile tool with a large customisable surface. Ideal as a reference point for trade fairs and events or to delimit exhibition areas, they are an original idea to promote products or services, including in shops. Thanks to their ease of transport and the set-up speed, they allow great visibility in a short time. Available sizes from 3 to 10 metres.
