

Gazebo Flash Desks have a practical and elegant design to complete the furnishing of your exhibition space.

The DESKS line has six models in different shapes and sizes, all fully customisable, with the highest quality printing, to best enhance your creative idea and the visual impact of your company.

The desks are light, easy to assemble and disassemble, and practical to transport! A beautiful and quality product that cannot be missing in your set-up!

## DESK PROMO

The Gazebo Flash PROMO DESK is a practical reception desk conceived and designed to be an excellent communication tool as well as a practical and functional workstation, thanks to customisation with high quality printing on a surface of 178 × 98.5 cm. Its folding aluminium structure makes it convenient, light and with a small footprint once closed. The GazeboFlash PROMO DESK has a double surface for a greater support surface area.

Available in both rectangular and oval versions.
